

Dashboard Manual

Click on <https://crm.smartlearners.ai/login>

Login with Teacher using **debo97062** and click Sign In

In the left side navigate to **Mock Exams** tab

It contains the list of all the exams conducted which can be filtered with Date filter

Clicking on any exam will give you the detailed data of all the submissions

Coming back to mock exams (using Back to Mock Exams button) We can find the **Compare Exams** button.

Clicking on it will ask you to select

- Class
- Section
- Previous exam
- New exam

for the sake of tutorial keep

- **Class** - 10
- **Section** - A

All the exams that are taken by that section will be available

- **Previous exam** - Science - Mock Exam (On 28 April 2026)
- **New exam** - Science - Mock Exam (On 9 June 2026)

Click **Compare**

It opens a list of all the students from that section who submitted both the exams along with the Average Score Change.

It also has a list of those students with score comparison (previous exam with new exam)
,change

Scrolling down the Remaining students who submitted only one exam will be listed.
